DETAILED ACTION

Request for Continued Examination

1. A request for continued examination (RCE) under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on July 20, 2005 has been entered. An action on the RCE follows.

Response to Amendment

2. Applicant's amendment filed on July 20, 2004 has been received and entered in the case.

REASONS FOR ALLOWANCE

3. Claims 18 – 37 are allowed.

4. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest, either singularly or in combination, at least a step of modifying parsing the functional description expressed in the interpretive, algorithmic language with at least one variable of unknown type or dimension into an abstract syntax tree; inferring a type and dimension for the variable of unknown type or dimension by analyzing the usage of the variable of unknown type or dimension in the abstract syntax tree; and assigning the inferred type and or dimension to the variable of unknown type or dimension.

Art Unit: 2815

Bowen (U. S. Pub. No. US2002/O100029) teaches a step of modifying parsing the functional description in an abstract syntax tree, inferring a type and dimension and assigning the inferred type and or dimension, but Bowen does not teach such a step of modifying parsing the functional description expressed in the interpretive, algorithmic language with at least one variable of unknown type or dimension into an abstract syntax tree; inferring a type and dimension for the variable of unknown type or dimension by analyzing the usage of the variable of unknown type or dimension in the abstract syntax tree; and assigning the inferred type and or dimension to the variable of unknown type or dimension as set forth in claims 18 – 37.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Chris C. Chu whose telephone number is 571-272-1724. The examiner can normally be reached on 11:30 - 8:00.
